Summary

Growth-oriented B.Tech student with proven experience in B2C/B2B field outreach, community-led growth, vendor onboarding and campaign execution. Scaled event attendance by **600%+**, managed **100+ member teams**, and built SME funnel strategies grounded in real user research. Comfortable in field-based, high-ownership environments with a track record of delivering at scale.

Education

Vellore Institute of Technology, Bhopal

Jul 2023 – May 2027

Bachelor of Technology in Computer Science & Engineering (AI & ML)

CGPA: 8.59/10

- Secured **Top 1% rank nationwide** in NPTEL Cloud Computing Certification, IIT Kharagpur.

Work Experience

Virtual Software Development Intern

Dec 2025 – Jan 2026

IIT Ropar – VLED Labs

- Analysed user interaction flows on the ViBe LMS portal to detect workflow bottlenecks; coordinated with developers to ship fixes that improved platform workflow and successfully went live on the product within the internship timeline.
- Collaborated with cross-functional stakeholders to deliver backend enhancements aligned with live deployment standards and product timelines.

Leadership & Activities

Secretary, Mharo Rajasthan Club, VIT Bhopal

Apr 2025 – Apr 2026

- Spearheaded a tiered B2C outreach campaign across campus networks, scaling event attendance from **100 to 600–800 participants** – a **600%+ growth** within one academic year.
- Directed a **100+ member team** across logistics, communications, conflict resolution and large-scale event execution.
- Advanced from Core Member to Secretary through demonstrated ownership and cross-team trust built over two consecutive tenures.

PR & Outreach Member, Notion Community & iCreate Club, VIT Bhopal

Dec 2024 – Apr 2026

- Executed B2B cold outreach campaigns targeting brands and sponsors, securing partnerships that drove a **~40% increase** in event footfall through targeted messaging and strategic promotions.
- Maintained outreach pipelines, tracked campaign conversion metrics in Excel and Google Sheets; coordinated field operations for **100+ teams** at solVIT Hackathon 2024.

Projects

SME Growth Strategy | Funnel Audit, Outreach Design & Competitive Analysis

May 2026

- Conducted an end-to-end onboarding funnel audit for a B2C billing app with **1.5Cr+ SME users**, identified drop-off stages and designed **4 prioritised growth experiments** with defined KPIs and effort estimates. [\[View\]](#)
- Identified a freemium desktop expansion model as an untapped acquisition lever – benchmarked across **5 competitors** where no player currently offers it.
- Built persona-specific field outreach scripts for **3 SME segments** with a structured conversion and activation tracking framework.

Catering Platform | Marketplace & Vendor Onboarding

Jan 2026 – Mar 2026

- Architected the vendor onboarding funnel for a citywide catering marketplace, optimising each touchpoint to reduce drop-off and improve first-session activation rates.
- Mapped the B2C user journey across discovery, booking and payment; introduced a wallet-based trial system that improved early retention by lowering entry friction.

Learning Flow | Role-Based Learning Management System

Sep 2025 – Nov 2025

- Designed differentiated user journeys for **3 personas** (Admin, Teacher, Student), ensuring each role accessed relevant features without interface overload.
- Built real-time KPI dashboards for performance tracking and deployed to live production.
